PROFESSIONAL SUMMARY

Second-year B.Tech CSE student interested in software development and web fundamentals. Possess basic knowledge of programming, database systems, and frontend design using HTML and CSS. Seeking an internship to apply core concepts and gain practical experience.

PROJECT EXPERIENCE

• Library Management System:

Developed a system to manage library operations digitally, including adding, updating, and retrieving book and member records. The application helps streamline book issuance and returns, reduces manual effort, and improves data organization and accuracy.

• Event Analysis Dashboard:

Developed an interactive data visualization dashboard to analyse event performance metrics such as participation, revenue, and engagement.

• VISUALISING IN FORECASTING STOCKS USING DASH(WEB DEVELOPMENT) (Python):

Developed an interactive web-based dashboard using Python Dash to visualize historical stock data and perform stock price forecasting. Implemented data analysis and predictive techniques to provide insights for trend analysis and investment decision support.

TECHNICAL SKILLS

Programming: Java (basic), C (basic), Python (basic) ,DSA(basics) | Web: HTML | Database: Oracle SQL (basic) |

Tools: GitHub (basic), VS Code ,MS word, Eclipse | Concepts: OOP, DBMS

SOFT SKILLS

Problem Solving, Logical & Analytical Thinking, Team Collaboration, Time Management, Adaptability & Willingness to Learn, Self Motivation

EDUCATION

B.Tech – Computer Science and Engineering, CMR College of Engineering & Technology (2024–2028) | CGPA: 7.54

LANGUAGES

English, Telugu, Hindi

HOBBIES

Playing Cricket, exploring new technologies, listening to music
